The offline Website Project es propiedad de Alex Saum (2019)

This website you are running
through is part of that series of sites I made in

pre-pandemic times to lure folks

into my house,
watch as they sat where I would
sit at my desk (folks in place of me),

playing

me as one
does when they pretend to be
you, playing around in your
computer, but *this*

is clearly
also [not](#)

that.

Esta web que recorres
es parte de una serie que imaginé antes incluso
de la pandemia para atraer
a forasteros a mi casa y

estudiar así cómo se sentarían donde
me hubiera sentado yo
frente a mi escritorio. Extraños en mi lugar
interpretándose

como haya cualquiera que fingiese
ser otro, hurgando en su ordenador,
aunque esto
evidentemente
no pueda ser lo mismo.
